exploration for kids the pdf

For kids studying world history, Kids Discover Age of Exploration and Colonization offers a window onto the human story of ordinary individuals setting sail toward destinations unknown. First, kids get an overview of the knowledge and technology that made ocean travel possible. Then they read about early explorers from Portugal, including Prince Henry the Navigator, Bartolomeu Dias, and Vasco ...

Age of Exploration and Colonization - Kids Discover

The first earthling to orbit our planet was just two years old, plucked from the streets of Moscow barely more than a week before her historic launch. Her name was Laika. She was a terrier mutt and by all accounts a good dog. Her 1957 flight paved the way for space exploration back when scientists
