

### **fossil identification guide for pdf**

Below are printable fossil identification guide sheets in PDF and JPG format. These are ideal to take fossil hunting with you if you are new to fossils, or taking new people or children with you when you travel to the outdoor fossil sites.

### **Fossil Identification Sheets - New York, Maryland**

A fossil (from Classical Latin fossilis; literally, "obtained by digging") is any preserved remains, impression, or trace of any once-living thing from a past geological age.

### **Fossil - Wikipedia**

BOOKS published by members of the MFMS. An identification guide to the ammonites and other cephalopods of the Gault Clay and Folkestone beds of the South East of England

### **mfms home**

A transitional fossil is any fossilized remains of a life form that exhibits traits common to both an ancestral group and its derived descendant group. This is especially important where the descendant group is sharply differentiated by gross anatomy and mode of living from the ancestral group.
